Bait chapter notice

Scratches head

I had never heard of this series before. I could scarcely believe a manga that ran for 18 volumes, followed by a sequel of 15 volumes, starting at 2005 and ending at 2010, and a shounen comedy at that, could have escaped scanlators' attention in the West, even when it was completely scanlated into Chinese.

Well, it's the favourite manga from our Chinese translator, **ttcchen**, who's just back from a long leave of absence and dying to do this. At Death Toll, the policy is that you can do (almost) anything if you are willing to contribute to scanlating it, so I did my job as admin and supplied him a team to do just this chapter to fish for staff.

It was a weekly, so future chapters won't be as long as the first one. But this will only become a project if we get a team. We need everybody: cleaner, redrawer and typesetter.

The cleaner test is here: https://goo.gl/K8b9ON

The typesetter test is here: https://goo.gl/wv7KcU

For redrawing, our general test is enough: https://goo.gl/KluWmE

For all positions, applicants should bundle their tests in a compressed file (ZIP, RAR, 7Z, whatever), upload it to a cloud service and and either post the link in our home page (http://bit.ly/2kC4oZk) or send it to me as a PM (Wraith at deathtollscans.net). We expect them to be able to do a chapter in a week (though there are no control freaks here, we understand real life issues as well as anyone). We've had compatibility issues before, so GIMP users will only be accepted for cleaning, for everything else we require applicants to use Photoshop.

People with experience who want to bypass the test on account of having samples of past work will have the test replaced by an actual chapter of the series they want to work on. This still means it is a test: if you fail, the chapter edited by you won't be used. It's high risk (having an entire chapter discarded because you didn't pass), high gain (working on something that will actually be used instead of a test). People without experience can't take that route, at least in principle. (If you contact me and I am in a good mood, I may let you have a try at your own risk, but don't count on it.)

We have other series in need of editors, but this will be the only release unless more people apply, so I'll focus on recruiting for it right now.

WHAT THE HELL DOES THIS HAVE TO DO WITH THE JAPANESE!?
PERSUADED ME TO ATTEND JOUNAN HIGH LIKE MY BROTHER DID.

BUT... I WANT
...YOU... DON'T WANT TO RELY ON YOUR BROTHER'S INFLUENCE... BUT WOULD RATHER CARVE YOUR OWN PATH IN ICHIMATSU HIGH...
